There's something new about Activa 125, it just got smarter.

This Activa 125 is a trend-setter, as it is the first scooter to come with a smart key in the segment. Designed with H-Smart Technology, the smart key is your key to ease, convenience and comfort.

Not just that, there's a digital meter that'll give you real time updates throughout your ride.

So, if you unite Honda's trusted legacy with the supreme technology that builds the Activa125, you'll know

it's not just a scooter,

***It's
SmartIVA***

Technology

Equipped with the latest technology,
here's everything that goes into building your Activa 125.

Experience the globally acclaimed eSP technology that reduces friction and improves combustion, delivering class leading performance and mileage.

POWERFUL 125CC ENGINE

Delivers best-in-class power and pick-up.

IDLING STOP SYSTEM

Wasteful fuel consumption is eliminated with the Idling Stop System that automatically switches the engine off at traffic lights and other brief stops.

FUEL EFFICIENT TYRES

Honda has developed a new Tyre Compound Technology that greatly reduces rolling resistance by maintaining the road grip.

SILENT START WITH ACG

Activa 125 is equipped with ACG starter, which starts the engine silently by removing the gear meshing noise. It also reduces maintenance.

PGM-FI FUEL INJECTION

Sensor based PGM-FI system constantly adjusts the air/fuel mixture, as per the ride mode and conditions, allowing combustion. This results in consistent performance, better fuel efficiency, all weather start and lesser emissions.

ADVANCE MILEAGE INDICATIONS

Activa 125 is equipped with a modern digital meter that allows you to keep a track of fuel consumption, fuel efficiency and distance to empty throughout the ride.

Real-Time Mileage

It displays live fuel efficiency throughout the ride.

Distance To Empty

It displays the distance you can travel with remaining fuel in the tank.

Average Mileage

It displays overall fuel consumption during the trip.

Smart Key

With **H-Smart** Technology

The new Honda Smart Key is built with H-Smart technology.
It comes with several features that will transform your experience of using
your Activa 125 – right from the moment you unlock.

Smart FIND

It's a hassle when one has to go looking for their ride in a parking lot or a crowded place among an array of other two-wheelers, or even in low-light conditions. With the Smart Key, this trouble is taken care of. All you have to do is, click on the **Answer Back Button** on your key, and all the four indicators of your Acura 125 will blink twice. It can be easily located even if it is as far as **10 meters!**

Smart SAFE

We've ensured that your Acura 125 is always secure, even if it is not in sight. With the **Anti-Theft System**, you don't have to think twice about locking your ride, the Smart Key takes control over the protection of your scooter by activating the **immobilizer function** when the Smart Key goes beyond the **2 meter range** of your Acura 125.

Smart UNLOCK

Your two-wheeler key isn't always handy, but with Honda Smart Key, you won't need the key in hand. When the Smart Key is within the **2 meter range** of Acura 125, you push and rotate the knob to perform various operations like your **seat, fuel cap and handle** can all be unlocked just like that.

Smart START

Here's a way to start your ride that doesn't even require you to take out the key from your pocket! Once the key is within **2 meters** of your Acura 125, and activated, all you have to do is **push the knob** – the LED Smart Key indicator on the speedometer will come on – then just rotate the knob to **turn on the ignition and start the engine with Start/Stop switch**.

Style & Convenience

Let your arrival make a statement full of style along with convenience that stays throughout the ride.

LED HEADLAMP AND SIGNATURE LED POSITION LAMP

The glamorous LED headlamp with stylish LED position lamp adds to the style quotient of Activa 125.

COMMANDING TAIL LAMP

The bold, X-shaped broad design of the tail lamp commands attention and admiration equally.

PREMIUM CHROME STROKE ON SIDE PANEL

Activa 125 logo is carved on the side panel with chrome highlights, projecting the premium essence of your scooter.

MULTI - FUNCTION SWITCH UNIT*

One compact console ensures safety of the vehicle and convenience of opening the underseat storage and external fuel lid.

DOUBLE LID EXTERNAL FUEL FILL

Fuel filling right at your fingertips. Now get fuel filled while sitting on your scooter.

OPEN GLOVE BOX

Spacious open glove box adds additional storage space.

Reliability & Comfort

*Activa 125 is efficiently backed by Honda's trusted legacy.
Take a ride with features that make your ride reliable and super comfortable.*

FULL METAL BODY

Full metal body complements the solid trust of the Activa 125.

SIDE STAND ENGINE CUT OFF *

Side stand engine cut off prohibits the engine from starting, when the side stand is open.

TELESCOPIC FRONT SUSPENSION AND FRONT DISC BRAKE #

Telescopic front suspension makes every ride comfortable and disc brake provides control & confidence in all speeds.
